WHEELBARROWS

- » Complete with integrated POD (Power On Demand) system which helps reduce carbon emissions and results in 50% less fuel usage.
- » Portable and compact enough to be transported in estate cars and small vans.
- » Low hydraulic oil cut out protects tools and system pump.
- » Rigid and durable chassis and steel protection frame to prevent component damage.
- » Routine maintenance couldn't be easier as access is gained by a quick and simple removal of the main protection frame.
- » Hose storage position and lifting-eye integrated into protection frame.
- » Packs fitted with wheels to make them easy to transport on site.
- » Supplied with removeable braided Siamese hose set with high quality non-drip face couplings (these are pre-filled with Hydraulic Oil).
- » Removable hose sets are easier for transportation and can be changed quickly if damaged
- » Power Pack is easier to store with hoses removed.
- » Customer colour options on protection frame.
- » Optional Tool Tray available to help store your Hydraulic Breaker
- » Can be used with ALTRAD Belle Hydraulic Breakers, Roller Strikers and Hydraulic Submersible Pumps.

Portable, Compact and will fit into the boot of a car

Ideal for use with ALTRAD Belle's range of BHB Breakers

Technical Specifications
